PLAN YOUR DOWNTOWN

The City of Harlem has begun the process of creating a plan for downtown and surrounding areas. Come to our public kickoff meeting at **6:00 p.m. on July 15** at the Public Safety Building to find out how you can participate in the planning process and to begin sharing your vision for downtown Harlem. The meeting will kick off an effort to survey residents of Harlem and surrounding areas, so if you can't make it, there will still be opportunities to make your voice heard, including a multi-day design workshop in September. Details about the workshop to follow in the coming months.

Happy 4th of July!

The “**Jammin’ In The Park**” concert, benefiting the Columbia Theatre Restoration Project and featuring Ray Fulcher & County Line, The Remedy, and JC Bridwell & the PsychoHillBillies, will take place on **Saturday, July 19th**. Gates open at 4:00 p.m. Enjoy food, inflatables and fun for the entire family! City residents are encouraged to come on your golf carts, as parking for those will be available at no charge! Children 10 and under will be admitted free with each adult ticket. Tickets can be purchased at Harlem City Hall or by going online at www.eventbrite.com. It’s fast and secure!

As you all know, it was a late spring, so all participants of the **Harlem Main Street Farmers Market** have not been able to participate at once. Produce is now being harvested and can be purchased most Thursdays, Fridays and Saturdays. All are local growers from our area and also have other schedules. Please be kind and continue to support those that do take part in this seasonal service and nutritional way to enjoy meals. Thank you for your support!

RECYCLE YOUR CANS

The City of Harlem supports the mission of the Southeastern Firefighters Burn Foundation by accepting donations of aluminum cans. Place your cans in a plastic trash bag and bring them to the bin located in the Public Safety Department parking lot. All proceeds go to the Southeastern Firefighters Burn Foundation who provide assistance to families of burn patients being treated at the Joseph M. Still Burn Center in Augusta.
